NO DELAY IN STATE GAS CASE

Court of Appeals Names Judge J. M. Swartz to Take Testimony

PROSECUTOR JONES' SUIT

Is Brought to Oust Union Gas Corporation, Logan and Newark Companies From Doing Business in Ohio, Claiming Violation of Anti-Trust Law.

Judge John M. Swartz will be the master commissioner before whom the testimony will be taken in the "natural gas case," which was brought by Prosecuting Attorney J. Howard Jones in the court of appeals. This case differs distinctly from the "rate case," brought by the city solicitor and tried before the court of common pleas, and was won by the city last year during the incumbency of Rod-eric Jones as solicitor.

[This latter case has been taken to the court of appeals, where it is now awaiting trial and determination. The issue involved is only the reasonableness of a rate of 20 cents per 1000 with 10 per cent off, or a net rate of 18 cents per 1000, which is the rate agreed to be charged in the franchise contract between the city and the Newark Natural Gas company. The court of common pleas, decided that his rate was reasonable and profitable, and the company has taken the case up.

In the meantime the gas company has charged consumers a net rate of 22 1/2 cents, which they have paid since the company raised the price two years ago. Under a court ruling the difference between 18 cents and 22 1/2 cents has been paid into the hands of W. C. Metz, as trustee, to be distributed back to the consumers or paid to the company, in accordance with the decision of the court as to whom it belongs in equity.

Now it is just at this point, that Prosecutor Jones stepped in with his quo warranto suit, brought in the court of appeals, which tribunal has concurrent jurisdiction in this class of proceedings, with the supreme court of the state. His action is based upon broad grounds than that of the city's suit, but his ultimate aim is the same, to compel the gas company to carry out the provisions of the franchise contract, which still has eight years to run, and furnish gas at the 18 cent rate.

The prosecutor bases his suit upon the Ohio anti-trust law, practically the same as the Federal statute, and is directed against the Union Gas Corporation of Pittsburgh, The Logan Gas company, whose operation he claims are in violation of this law, and he asks that the defendants be prohibited from doing business in Ohio and declaring the charter forfeited.

Prosecutor Jones said this morning after he had received word from Judge R. S. Shields of Canton, that the court of appeals, consisting of himself, Judge R. M. Voorhees of Coshocton, and L. K. Powell of Mt. Gilead had unanimously agreed upon Judge Swartz as master commissioner.

My object in this case is to compel the gas company to accept as final, the circuit court's judgment in the city case, which I hope will be an affirmation of the lower court's decision that the 18 cent rate is reasonable. Otherwise it could be carried on indefinitely, but if the charter is declared forfeited this will be impossible.

The situation is easily explained and is very simple of understanding. The Union Gas Corporation is a holding company purely and simply, the Logan company is a producing and a distributing company, while the Newark is only a distributing company, which buys its gas from the Logan. The Union, however, owns the stock of both these subsidiary companies, and votes in accordance with any view that may prevail with the directors.

"A trust! Well, I should say so, and hope to prove it to the satisfaction of the court, as I believe I can to the citizens of Newark."

The following are the facts stated briefly: The Newark was a producing and distributing company originally, and in competition with the Logan. The latter absorbed the local company and it ceased to be a producer at all and became a distributing company only. An agreement was entered into between the two that the Newark company should buy the gas from the Logan, for which it agreed to pay that company 70 per cent of the gross receipts and retain 30 per cent. UPON CONDITION THAT THE NEWARK COMPANY SHOULD SELL GAS TO CONSUMERS AT A RATE NOT LESS THAN 25 CENTS PER 1000 FEET WITH 10 PER CENT OFF IF PAID BEFORE THE 10TH OF EACH MONTH.

Now this is the agreement I attack, and contend that it is in direct (Continued on Page 12, Col. 4.)

Pluck Wins For Member of the House

When Michael J. Gill of St. Louis ran for the House of Representatives against L. C. Dyer in St. Louis more than a year ago, he had money in the bank and he owned a nice home. Dyer went to the House, but Gill determined to contest the seat. He spent what money he had in the bank and also the value of his home.

With very little money he moved his family to Washington to be near the scene to carry on his contest. He got work in a glass works near Washington, at \$2 a day, and his son played a violin in moving picture shows of Washington to aid in the fight.

The day Gill was seated he went to the office of the sergeant at arms where he drew \$12,500 back pay for the time he was kept from the House. The son will now go to Europe to study the violin under good instructors.

OFFICIALS HAVE HOPE FOR PEACE

Washington, July 24.—Directors' advice to the United States today from Provisional President Carranza, General Carranza, General Villa, and Emiliano Zapata, the four chief elements in the Mexican problem, renewed the hopes of officials here for peace.

Carranza, through the Brazilian minister in Mexico City, officially declared that he was willing to transfer the executive power to Carranza and had sent a delegate, Reginaldo Cececaldi, to arrange with the constitutionalist chief, Carranza reiterated that he merely wanted an amnesty for political offenders and guarantees for the safety of the property of people who had supported Huerta.

Carranza through the American consul accompanying him, manifested his readiness to be lenient with the foes of the constitutionalists and give the desired guarantees.

Villa in a message phrased in most courteous terms spoke of his desire to see peace established on a basis of justice and liberty and gave assurances that he would do his utmost to restore normal conditions.

Communication with Zapata has been difficult, but official word has been obtained from him in which he manifests a desire to join with the constitutionalist chief in rehabilitating the governmental machinery throughout Mexico. Emissaries from Carranza to Zapata with authority to promise a program of agrarian reforms are expected to reach the southern chief within a few days.

WASHERWOMAN HAS RECORD OF FIFTY YEARS

Atchison, Kas., July 24.—Atchison claims the most reliable wash woman in this country, and the record of Mrs. T. H. Bailey, is produced to back the assertion. Last night when Mrs. Bailey took down the family washing from the clothes line at the home of G. D. Buck she completed her fiftieth consecutive year as the Buck family washwoman.

Will Bring Criminal Action Against Certain Directors of New Haven

New York, July 24.—Not until the civil suit filed yesterday to disclose the New York, New Haven and Hartford railroad is further advanced will criminal action against certain directors and officers be begun, according to an announcement today by T. W. Gregory, special assistant to the attorney general, Mr. Gregory and Frank M. Swacker, his associate, will remain in New York for several days. Attorney General McKeeney was expected to arrive here today for a conference with Mr. Gregory. "The bill as filed speaks for itself," said Mr. Gregory. "It is comprehensive and covers the ground. For more than a year we have been engaged upon it and every phase has

JAILED FOR MURDER OF SON-IN-LAW

Youth Goes to Beg Forgiveness and Meets Death

MURDERER IS PROMINENT

In County Politics and Has Served Fourteen Years as Town Clerk—Murdered Boy, 19, Had Elopement With Girl of 16.

[ASSOCIATED PRESS TELEGRAM] Haverstraw, N. Y., July 24.—In his cell in the county jail at New City where he was taken after he had shot and killed Eugene B. Newman, his 19-year-old son-in-law, William V. Cleary, prominent in county politics and for fourteen years town clerk, refused to discuss the murder of the young man.

Young Newman, son of one of the owners of the Rockland County Messenger, secretly married Cleary's 16-year-old daughter Anna, on last Saturday in Weehawken, N. J. Yesterday the couple confided in their respective mothers and Newman was advised to tell Cleary and ask his forgiveness.

It was while on this mission that Newman was shot. He entered the town clerk's office where Cleary was talking with three friends, Bernard Fox, a brewery agent, Patrolman Sheridan and Josiah Peltier, county supervisor. Newman extended his hand and asked for Cleary's blessing. Cleary with hardly a word and before his friends could interfere, fired four bullets into the young man's body. Newman died instantly and Cleary shortly afterwards surrendered himself to the authorities.

Newman and Miss Cleary had been sweethearts from their first meeting six years ago. It was an established thing in the village that Newman was to marry Anna. His parents did not object and Cleary himself never showed any bitter opposition to the match, although it is said, he did not look upon it with favor.

SUFFRAGETTES ARRESTED ARE OF NOBLE FAMILY

[ASSOCIATED PRESS TELEGRAM] London, July 24.—Two suffragettes belonging to the British nobility, Lady Barclay and the Hon. Miss Edith Fitzgerald, were arrested today at Buckingham palace where they made persistent attempts to present to King George a letter written by his majesty by Mrs. Emmeline Pankhurst, the militant suffragette leader.

The letter demanded a personal interview with the king and claimed that the suffragettes should be given the same right to an interview as certain militant men, namely, Sir Edward Carson, Captain James Craig, John Dillon and John E. Redmond, who had, it was pointed out, been invited to Buckingham palace by the king on his own initiative.

Lady Barclay and Miss Fitzgerald were later charged at Bow street police court and were bound over to be on good behavior.

Lady Barclay is the wife of Sir Thomas Barclay, the Scottish knight who was a leading worker in 1904 for Anglo-American arbitration.

[ASSOCIATED PRESS TELEGRAM] London, July 24.—Robert B. Skinner of Massillon, Ohio, the newly appointed American consul general in London took up his duties today.

FIRST THROUGH TRAIN FROM THE MEXICAN CAPITAL

[ASSOCIATED PRESS TELEGRAM] Vera Cruz, July 24.—The first through train from the Mexican capital since the American occupation of Vera Cruz, arrived here early this morning, the breach in the railroad having at last been repaired. It brought many passengers including a large number of adherents of the Huerta regime who had taken advantage of the opportunity to leave the federal capital before its occupation by constitutionalist troops. The passengers reported all quiet in the capital and said that the feeling of security there had increased on account of the strong reinforcement of the garrison which they believed to number 20,000 men.

Mrs. William G. Sharp to Preside Over American Embassy to France

Mrs. William G. Sharp will be the presiding genius over the American embassy to France for the remainder of the Wilson administration. She is the wife of the new ambassador, nominated by President and confirmed by the Senate. Mr. Sharp has been a member of Congress from Elyria, Ohio. He is a man of means and will be able to spend much more than his salary in keeping up the embassy, which is one of the requirements of modern ministers to foreign countries.

PLANS FOR OPENING OF BIG CANAL

[ASSOCIATED PRESS TELEGRAM] Washington, July 24.—War department officials today were perfecting plans for the opening of the Panama canal to commerce on August 15. The vessel which would be given the honor of leading a fleet of merchantmen through the great waterway had not been determined upon, but it is probable that the Cristobal, a war department steamer would be selected.

No ceremonies will mark the climax of the years of toil involved in digging the big ditch across the backbone of the continent. That will wait until the official opening in March 1915, when an international fleet of warships will pass through the waterway and up the Pacific coast.

Secretary Garrison, in announcing the date of the canal's opening stated that at this time ships needing no more than thirty feet of water could be accommodated in the passage between the two oceans. A greater depth will be available later. Some of the navy's dreadnaughts might now grope through the canal, but Secretary Daniels said he would not venture the passage of a battleship until deeper draught was reached.

GEN. HUERTA HAS ARRIVED AT KINGSTON

[ASSOCIATED PRESS TELEGRAM] Kingston, Jamaica, July 24.—General Huerta and the party of fugitives from Mexico accompanying him arrived here at noon today on board the German cruiser Dresden from Puerto Mexico.

Arrangements had been made in advance for the former Mexican dictator with General Blaquett and the rest of the party to remain here for a week or more at a hotel where several other Mexican refugees already have taken up their quarters.

SERIOUS DEVELOPMENTS ARE THREATENED UNLESS SERVA HEEDS AUSTRIAN DEMANDS

[ASSOCIATED PRESS TELEGRAM] Berlin, July 24.—Grave possibilities connected with the strong Austrian note to Servia, which virtually took the form of an ultimatum demanding the suppression of the Pan-Servian movement and the punishment of those concerned in the assassination of the late Archduke Francis Ferdinand are recognized in official circles here. It is realized in these quarters that further serious developments in Austro-Servian relations are inevitable unless Servia complies with the Austrian demands. It is believed in authoritative quarters that the Servians will not unless assured of support from the outside and for this reason official eyes here are today turned toward Belgrade, than to St. Petersburg where the council of ministers is expected to settle the question of peace or war. It was stated today that Germany had not been consulted regarding the Austrian note to Servia before its delivery, but that she thoroughly ap-

ANTI-TRUST PROGRAM TO BE RUSHED

In Senate Now That Fight Over Jones Confirmation Is Ended

LEGISLATION IS DELAYED

Administration Program Will Be Taken Up At Once So That Early Adjournment of Congress Can Be Had.

[ASSOCIATED PRESS TELEGRAM] Washington, July 24.—With the bitter fight in the Senate over the confirmation of Thomas D. Jones of Chicago, President Wilson's nominee for the federal reserve board, ended, senators were today breathing a sigh of relief that the prolonged contest was over, were preparing to settle down to practically uninterrupted consideration of the administration's anti-trust program. Belief on the part of President Wilson that the program might be endangered were the fight continued, was responsible for the withdrawal of the nomination. The contest had delayed consideration of the anti-trust legislation.

With the Jones case out of the way, Democratic leaders in the senate today were determined to press to a conclusion the anti-trust program and bring congress to an adjournment at the earliest possible moment. To that end, the interstate commission bill, already before the senate, was to be taken up in earnest and pressed until a vote is reached. After its passage the Clayton anti-trust and the railway securities bills were to be disposed of. These three measures constituting the entire anti-trust program are now before the senate. Administration leaders today hope for adjournment of congress not later than September 15.

Now that the nomination of Mr. Jones has been withdrawn, interest in the situation today centered in discussion as to whom President Wilson would choose as his successor and the outcome of the contest over the confirmation of Paul M. Warburg, the New York banker, nominated to be a member of the reserve board. The names of Omar A. Hershey of Baltimore and I. M. Penton, the choice of Senator Lewis of Illinois, were understood to be under consideration to succeed Mr. Jones. Belief prevails today that Assistant Secretary Hamlin of the treasury department would now be made governor of the federal reserve board.

President Wilson's action in withdrawing the nomination of Mr. Jones, it was stated at the White House today, was not an indication that there had been any change in his determination to insist upon the confirmation of Mr. Warburg. Assurances have been given the President that Mr. Warburg can be confirmed. Senator O'Gorman, who is understood to have been endeavoring to persuade Mr. Warburg to change his mind and accept the banking committee's invitation to appear before it, was to return to Washington today. It was thought that the New York Senator would be able to say whether or not Mr. Warburg was willing to appear. By withdrawing the nomination of Mr. Jones, President Wilson brought

San Franciscan to Be Ambassador to Russia

President Wilson has sent to the Senate the name of George T. Mayne as ambassador to Russia. Mr. Mayne was born in Baltimore in 1856. He was educated in Cambridge, England; Paris, Berlin, and Barcelona, with the original intention of practicing law, and was admitted to the bar.

To an end the bitterest contest of his administration. In doing so the President acted in harmony with the written request of Mr. Jones, who urged that he no longer be permitted to remain a cause of embarrassment.

MAY ADJUST TROUBLES OF ENGINEERS

[ASSOCIATED PRESS TELEGRAM] Chicago, July 24.—Continuation of negotiations by the federal board of mediation and conciliation in the attempt to settle the wage differences between the engineers and firemen and ninety-eight western roads hangs in the balance today. The federal board is awaiting word from the engineers and firemen and on their message depends the continuance of sessions of the board. This is the hardest task the mediation board has ever attempted, said Commissioner Martin A. Knapp, federal judge. The men seek changes in service rules and increases in pay. The railroad managers insist that to comply with the requests would be to increase the present pay rolls by \$33,000,000.

PREPARING FOR TRANS-ATLANTIC AIRBOAT FLIGHT

[ASSOCIATED PRESS TELEGRAM] New York, July 24.—A site thirty-three miles south of St. Johns, N. F., has been selected as the starting place for the trans-Atlantic flight of the airboat America. Walter D. Walker, who went to St. Johns three weeks ago to select a place for the departure of the America, returned yesterday. The site selected, he said, was near Cape Broyle on a long stretch of sandy beach and so sheltered as to provide ample protection against adverse winds.

Advices today from Hammond, N. Y., where the America is undergoing her trials, indicated that every obstacle had been overcome; that the airboat would be shipped to St. Johns from this city on August 1, and that Lieut. Porte, who is to pilot the flier will start for the Azores about August 15.

PROVED THE STEP TAKEN AND WAS PREPARED FOR ALL THE CONSEQUENCES THAT MIGHT ENUE FROM IT.

It was pointed out that should Russia take part against Austria, Germany was fully prepared to draw the sword on behalf of her in accordance with the terms of the triple alliance between Germany, Austria and Italy. Comment in the German press today strongly supports Austria. The stock market broke badly under the fear of general European complications. Solid bank stocks like those of the Deutsche Bank broke over two points and other leading stocks from 3 to 4 points until the banks intervened to check further demoralization of the market. Securities in large amounts however, had been unloaded at the declines and the breaks in Austrian and Russian specialties assumed almost a panic form. The weakness in Russian and Austrian government bonds also indicated the seriousness of the situation.

CAILLAUX'S FRIEND ON THE STAND

Defends Family of Ex-Premier of France in Famous Murder Trial

FIFTH DAY OF HEARING

Woman Charged With Murder of Paris Editor Presents Sorrowful Figure in the Court Room—Letters of Mme. Gueydan to Be Placed in Evidence.

[ASSOCIATED PRESS TELEGRAM] Paris, July 24.—"Call Madame Gueydan" was the command of Judge Louis Albaladejo when the court opened today for the fifth day's hearing in the trial of Madame Henriette Caillaux for the wilful murder on March 16, of Gaston Calamette, editor of the Figaro.

Madame Gueydan, former wife of the prisoner's husband, Joseph Caillaux, ex-premier of France, had, however, not arrived and Pascual Ceccaldi, the most intimate private and political friend of M. Caillaux was called to the stand.

The interest today centered around the two intimate letters referred to in yesterday's testimony and handed by Madame Gueydan to Maitre Labori to deal with as he chose. Great curiosity had been awakened as to whether they would be read in court or communicated privately to the jurors.

Maitre Labori, before M. Ceccaldi began his testimony, said he would defer until the arrival of Mme. Gueydan a communication he desired to make to the court. M. Ceccaldi then addressed the jury in an impassioned defense of the Caillaux family. He described Mme. Caillaux's efforts to restrain her husband from assuming political power as she was of the opinion that his keeping out of the government was the only way in which they could expect to have peace in their lives. M. Caillaux seated in the crowded court among witnesses and journalists, followed attentively his friend's panegyric, nodding his head in approbation and occasionally casting a glance about the court room as though measuring the effect of the witnesses' words.

Madame Caillaux in the prisoners enclosure presented a sorrowful figure. In her eyes was a look of bitterness and despair. She did not speak to anyone but she had a long talk with her husband in the prison of the conciergerie before the hearing began.

It was understood that former Premier Barthou was again to be confronted with M. Caillaux today. M. Ceccaldi amazed those in court by giving his testimony in the form of a speech in which he reviewed the political and newspaper attacks on the former premier.

The auditors meanwhile kept up a continuous murmur of protest or approval. The protests caused M. Ceccaldi to shout:

"If I defend M. Caillaux, it is because he is an honest man." Those in the courtroom soon began to tire of M. Ceccaldi's speech and the interruptions increased which brought from the witness the heated exclamation: "I have the right to talk here because they seek to keep a woman in prison!" This occasioned a clamorous uproar and Judge Albaladejo, who had been sitting with his back to the witness, turned and sternly rebuked the speaker.

"I will continue my deposition," then said M. Ceccaldi, and he proceeded with a criticism of former Premier Barthou's course in reading in the chamber of deputies the documents drawn up by Victor Fabre in connection with the Rochette swindle.

When M. Ceccaldi had spoken for an hour, former Premier Barthou was called to the stand and defended his action in making public the Victor Fabre documents. M. Caillaux also spoke briefly.

Maitre Labori and Maitre Chenu then explained their ideas for and against the publication of the letters placed in Maitre Labori's charge by Mme. Gueydan.

Maitre Chenu remarked that the letters did not concern the case in which Maitre Labori retorted that he thought three of them did. Maitre Labori then returned the letters to Mme. Gueydan and asked her what her wishes were in the matter and she replied: "I do not care what you do. Publish them all if you want to do so."

It was thereupon decided to place three of the letters in evidence but to read only one of them. This would be done, it was announced after recess.

The question of the reading of the letters gave rise to another scene when the court reassembled. Judge Albaladejo who had talked over the subject with the lawyers on both sides during the recess recalled Mme. Gueydan to the stand and Maitre Labori at once addressed her saying:

"These letters will not be read by (Continued on Page 6, Col. 1.)

OUTSIDER WON RICH "STEAK" AT NORTH RANDALL

(ASSOCIATED PRESS TELEGRAM)
Cleveland, July 24.—This was get-away day for the Grand Circuit races at the North Randall track. The program included the 2 1/4 mile, unfinished from yesterday; free-for-all pace; 2:00 trot; 2:21 trot; and 2:12 trot.

The "Dopesters" received a severe upsetting in Thursday's feature event at North Randall, on the Grand Circuit. King Clansman, a rank outsider, won the \$5,000. Tavernier, who captured easily the second, third and fourth heats, after finishing a poor fourth to McCloskey in the opening heat. His best time was 2:08 1/4, equal to the event's best time, although the track was heavy, owing to rain in the morning which delayed the opening of the day's racing. Later in the afternoon, however, the track dried off a little. Four races were run on the fourth day of the North Randall racing. The heaviness of the track prevented the repetition of the fast time that has characterized the meet this year.

Beth Clark, in the first event for 2:09 class pacers after finishing seventh in the first heat, emerged from the bunch on the stretch in the second and nosed out the field. Beth Clark, secured the pole in the third heat and never was needed, capturing the heat and the event.

The third race, a 2:15 class trotting event, went to Mahomet Watts in three straight heats. Barney Gibbs, however, contested every foot of the way in every heat, finishing second each time.

The last race was unfinished. It was a pace for 2 1/4 mile. After R. H. Breat had won the first two heats and been nosed out by Fred DeForest in the third, the judges announced the event would be carried over to the next day on account of darkness.

DROPSY AND BRIGHT'S DISEASE

Nearly everybody knows that when the dropsy comes so fast in Bright's Disease that the patient has to be tapped that the case is hopeless so far as the old treatment is concerned. We never heard of a case recovering that required tapping until Fulton's Renal Compound was evolved. Under the Renal Compound recoveries are frequently reported even in this supposed hopeless stage. We also cite two cases:

F. H. Chandler of Clay, New York, presented a serious case. As high as four quarts of water were drawn at a tapping. He was put on Fulton's Renal Compound and a year thereafter had resumed employment.

Another—Patient six years old, the son of A. C. Dean of Oakland, Cal., was tapped eight times, even had to be tapped after being put on Fulton's Renal Compound, but the tapping grew further apart and he made a recovery and was going to school at last advice.

NEWARK "ALL STARS" DEFEAT GRANVILLE

Thursday afternoon, a picked team, composed of: C. M. A., C. A. C., Hetsos, and Y. M. C. A. players journeyed to Granville and played what the people called up there "championship of Licking county." We can hardly see where poor old Granville can do such a thing as that.

A very large crowd was at the park. In the seventh inning "he" got tired and went home.

"Lefty" Noblicks started the mound duty for the Granvilleites, but was batted all over the lot, and was not given the best support. In the seventh, a gentleman from Pataskala, that people thought was a pitcher, but he didn't last long, for when he went to the mound, Noblicks greeted him with a triple; then Fisher hit one out of the lot for a homer, and before the inning was over they had scored five runs. After two were out in the third, Koonitz singled, Winters walked, Noblicks singled, Winters, Fisher popped to Reese. In the fourth Brown doubled to right; Allen doubled to left, scoring Brown; Beene doubled to left scoring Allen; Crawford singled to center, scoring; Crawford stole; Lucas singled and was out; Purrer to Mathews; Koonitz struck out; Winters was out at first.

In the fifth, after Noblicks was out, Fisher singled; Brown struck out; Allen hit to Whitehead, who erred; Fisher scoring; Beene flew out.

In the seventh, they scored five. Whitehead pitching for Granville, Noblicks tripled; Fisher hit for a home run, scoring Fisher ahead of him; Brown singled and stole; Allen walked; Beene and Lipscomb struck out; Lucas singled, Brown and Allen scoring; Koonitz hit to Mathews, who erred; Lucas coming clear home.

YOUNG LAD HAD NARROW ESCAPE FROM DROWNING

Willard Hartman, the nine-year-old son of Mr. and Mrs. Henry E. Hartman of 604 Maple avenue, had a narrow escape from drowning while in bathing in the North Fork of the Licking river on Thursday afternoon. The child has never been permitted to go to the creek without an older person and on Thursday afternoon his father accompanied him. He was playing in the water with a number of boys, who had been floating with an empty keg. Willard, when the other boys wandered away, climbed up on the keg, which overturned with him and he went to the bottom. Mr. Hartman was watching him and he came up and went down for the second time. His companions did not hear his calls and Mr. Hartman plunged into the creek with his clothes on and rescued the child. He was revived in a short time and taken to his home and today seems to have suffered no ill effects from the accident.

GIRLS THROWN INTO PANIC BY A FIRE ALARM

Cleveland, July 24.—More than 100 girls just ready to start to work this morning were thrown into a panic when fire broke out in the basement of a four-story building occupied by a wholesale grocery store at St. Clair avenue and West Ninth street.

The fire was caused by spontaneous combustion in a coal pile. Dense smoke filled the building. Many girls, smelling smoke and hearing the clatter of fire apparatus, fled down fire escapes. Prompt work by firemen confined the fire to the basement. The loss is estimated at \$2000.

PRIZE FOOD.

Palatable, Economical, Nourishing.

A Nebraska woman has outlined the prize food in a few words, and that from personal experience. She writes:

"After our long experience with Grape-Nuts, I cannot say enough in its favor. We have used this food almost continually for seven years. 'We sometimes tried other advertised breakfast foods but we invariably returned to Grape-Nuts as the most palatable, economical and nourishing of all.

"When I quit tea and coffee and began to use Postum and Grape-Nuts, I was almost a nervous wreck. I was so irritable I could not sleep nights and no interest in life.

"After using Grape-Nuts a short time I began to improve and all these ailments have disappeared and now I am a well woman. My two children have been almost raised on Grape-Nuts, which they eat three times a day.

"They are pictures of health and have never had the least symptom of stomach trouble, even though they had no interest in life. I could not retain Grape-Nuts when all else failed.

"Grape-Nuts food has saved doctor bills, and has been, therefore, a most economical food for us."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

MARSANS INVOKES ANTI-ALIEN LAW IN HIS DEFENSE

(Associated Press Telegram) St. Louis, July 24.—Armando Marsans, Cuban baseball player, in his answer to the petition of the Cincinnati National League club asking for a permanent injunction restraining him from playing with the St. Louis club of the Federal league, Thursday charged the Cincinnati club with violation of the federal alien labor contract law.

Marsans says last January while he was in Havana, Cuba, the Cincinnati club sent a representative to him to sign a contract, which is in violation of the federal law that prohibits the importation of aliens for contract labor. The answer also charges organized baseball is violating the Sherman anti-trust law by controlling and setting salary limits for ball players.

Marsans also attacks the ten-day clause which gives the club magistrates the right to abrogate a contract with a player after ten days' notice, while the player is denied the same privilege.

GREAT TIME AT ELK OUTING ON BEECH ISLAND

The Elks enjoyed one of the largest outings in recent years Thursday at Beech Island, 156 diners being served by Caterer Joe Kuster, visiting brothers being present from Columbus, Lancaster and Zanesville. An excellent luncheon was served from 10 to 11 o'clock and at 1 o'clock a spring chicken and roasting ear dinner followed. The island was probably one of the coolest places in Ohio yesterday, a delightful breeze blowing the entire day. Games of various sorts were indulged in by members of the antlered herd and swimming contests and boat races were among the diversions.

UNCLE SAM MAY BE FORCED TO END TROUBLE.

(Associated Press Telegram) Washington, July 24.—Possibility of American intervention in Haiti and San Domingo to restore peace continued today to be an absorbing topic of discussion in administration circles. Official dispatches regarding the situation in the revolutionary torn republics gave but little hope that the contending elements in the two countries would be able to restore order.

Under European pressure the American government's patience practically has been exhausted with the various elements in Haiti and San Domingo, and was to demand a restoration of peace or threaten armed intervention. The gravity of the situation was increased by refusal of warring factions in Haiti to cease fighting, despite the American government's warnings, and failure to settle the Dominican revolution by diplomacy.

The question of a possible movement of marines into Haiti was up for discussion at today's conference between Secretaries Bryan and Daniels. Advice from Cape Haitien of further fighting with increased danger to foreigners were believed to forecast prompt action by marines now being concentrated at Guantanamo. With the four hundred marines who are to sail from Norfolk, for Guantanamo Saturday the number of marines now there or on American warships in Haitian and Dominican waters would be increased to more than nine hundred. If necessary, reinforcements could be drawn from the nearly four thousand marines now in Vera Cruz and Mexican gulf waters.

In addition Pitcher John Rowan was sold to Dayton, of the Central league, and Outfielder Lacross was sent back to Battle Creek where he plays. Catcher Erwin, who was obtained from the Brooklyn National league club will be returned to that club.

POLICEMEN FOUND TO BE CHARITABLE BY SPECIAL AGENT.

(Associated Press Telegram) New York, July 24.—A special agent for the department of charities, who designed as a beggar, told a hardluck story to policemen, filed a report today in which he stated that 47 out of the 50 approached are ready to lend a helping hand, and some even a helping dime to a poor fellow who is hungry.

The special agent visited all parts of the city and only three policemen whom he approached refused to listen to his story. Others helped him by suggesting where he could apply for food and several tried to get him a job.

Commissioner of Charities Klugsbury was particularly interested to learn how many of the police would direct his counterfeited panhandler to the recently established municipal free employment bureau. Only three of them made this suggestion, so, coupled with praise for their sense and kindness, some information will be given the force on the usefulness of this bureau to men out of work.

FIGHTING THE ARMY WORM BY FIRE LIGHT.

(Associated Press Telegram) New York, July 24.—The army worm has descended upon New York, doing heavy damage to lawns in Harlem. Within the last two days the worms extended its operations to parts of Brooklyn and destroyed lawns on many large estates. In a single night the worms did irreparable damage to plants and flowers.

College Point, Whitestone, Jamaica and Newton have been invaded. Appeals have been sent to Washington asking what methods can be used to kill them. Thousands of eggs made their appearance yesterday in Bayonne and other Jersey towns and did much damage to lawns, flowers and vegetable gardens and last night many persons were out fighting the worms by fire light.

This is the 1st Authorized Mid-Summer Hoosier Cabinet Sale on the Hoosier \$1 Plan

This mid-summer sale is authorized for the first time, because so many Hoosier agents were unable to get Hoosiers for their spring sales, and many more could not get their full allotment. But even now, only a limited number of Hoosier Cabinets can be turned out of our new factory building in time for mid-summer delivery—an average to each sale of less than twenty. So only you who enroll early can count on delivery during the hot months, when you need your Hoosier most.

THE HOOSIER MFG. CO., New Castle, Ind.

Read about these conveniences that made the HOOSIER necessary to over 700,000 women.

(1) Mrs. Christine Frederick's famous "Housekeepers' Food Guide"—on the upper left door—answers the eternal problem: "What shall we have for dinner?"

(2) The Cook-book Holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder. It is on a level with your eye, always clean, never in the way.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily. The inside is entirely of metal, with no corners to hold flour. First flour in is always out first.

(4) The New Shaker Flour Sifter is the most wonderful of all the new Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet that shakes flour through instead of grinding it through. It cannot wear out and cannot grind through any grit or foreign substance that might be in the flour.

OUR WINDOW DISPLAY is the talk of the town—come and see it.

(5) A new feature in the Base Cupboard is a narrow shelf conveniently located for the storage of canned articles. Most women will find this a great convenience as an "emergency shelf." It will save many trips to the cellar or pantry.

TOMORROW YOU may examine all the new features. You incur no obligation. But you should come early. You may be too late to get one on the HOOSIER PLAN if you delay. Come and SEE this remarkable NEW Hoosier tomorrow.

Tomorrow, Only \$1 Puts This NEW HOOSIER in Your Home—Don't Wait!

The mid-summer sale terms are:

1. You may choose any of the new Hoosiers—"White Beauty," or "Oak Interior," at slightly less price.
2. \$1 puts your Hoosier in your home at once.
3. \$1 weekly quickly pays for it.
4. The low cash price fixed by the factory prevails strictly.
5. No interest—no extra fees.
6. This sale is under direct supervision of the Hoosier Company.
7. Sale is strictly limited to our small summer allotment of new Hoosiers.
8. Your money back if you are not delighted with your Hoosier.

This is your opportunity—if you act quickly—to own this wonderful Hoosier on the most liberal terms ever offered. You may search the whole world and find nothing that will save you so much labor in your kitchen as this new Hoosier.

White Beauty is a wonder of convenience. It combines three roomy cupboards, a large work table and package pantry in one spot so you can sit down at work and save miles of steps.

You have places before you for 400 articles, all at your fingers' ends. You save most of the weary hours other women spend in their kitchens.

This new Hoosier on these terms is the greatest kitchen cabinet bargain you have ever seen. The few we have will be sold in no time at all. Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on the liberal Hoosier plan.

Just What Was Done.

In brief, here is what the Ohio General Assembly did in that precedent establishing extraordinary session of but one day this week. First: Saved the property owners \$4,000,000 by reducing the state levy from 9610 of a mill to .45 of a mill. These reductions were made. Mills. Mills. Sinking fund from .0435 to .0025 Common school from .3550 to .0550 University from .0925 to .0025 Highway from .5000 to .3000 A reduction in the state levy of 53 per cent, which will have a great moral effect on local rate makers, who can hardly expect to increase rates in the face of such action. Second: A saving to the property owners of \$300,000 a year by repealing that section of the workmen's compensation act requiring each political sub-division to levy one per cent of the regular annual payrolls for the insurance of public employees. Third: Took action that will swell the exchequers of schools by reserving to the state all oil and mineral rights in school, ministerial and canal lands, providing for re-entry of such now under lease in which coal and oil have been discovered, and stipulating for the payment of all revenue derived therefrom to the common school system. State Auditor Donahay says that time will disclose this was the most liberal provision ever made for common school system by a general assembly. Ohio is the first state in the Union to thus preserve its rights to all minerals.

Justice Nichols.

There is a pretty general impression that the one candidate for re-election this year who will have a clear walkaway will be Chief Justice Hugh L. Nichols. Accepting the re-nomination without opposition on the Democratic ticket, Judge Nichols enters upon the race in the November election with tens and tens of thousands of Republican and Progressive voters at his back. Picking men upon their merits from a non-partisan ballot, what more natural than that men should choose the man whose record they endorse? The accomplishments of a July 24 in American History. 1810—Joshua Gilbert Holland, author and editor, born; died 1881. 1802—Martin Van Buren, eighth president of the United States, died born 1782. 1804—The United States was in debt \$1,805,525,557. 1911—W. The Germans have an old proverb that says that whosoever sleeps with the dogs the same shall be covered with fleas. If you see David Tod and Frank B. They are trying to get rid of the liability insurance company the treasury looter, the fifty year franchise fleas that come from their associates.

Then they roared about the decision of the secretary of state relative to voting at primaries, the decision that provision of the law passed by a Republican general assembly must be enforced and observed. The life of a standpatter is just one roar after another these days, and the roaring doesn't get anything.—Youngstown Vindicator.

Of Interest To Women. A decision of interest to feminism has been rendered by the Jersey City Court of Chancery, which pronounces illegal an agreement made by a husband to pay his wife for her services at the rate of \$6 a week. The decision sustains the finding of an advisory master who in ruling against the wife's wage claim, said: "Such claims as this are contrary to public policy. They would operate disastrously upon domestic life and degrade the wife into the character of a menial servant."—Akron Beacon Journal.

Worth Noting

Forget Your Troubles. Life is thick sown with thorns, and I know of no other remedy than to pass through them quickly. The longer we dwell on our misfortunes the greater is their power to harm us.—Voltaire.

Purpose of Education. The entire object of true education is to make people not merely "do" the right things, but "enjoy" them.

Uncle Walt

THE SOREHEAD. When Grouch goes home, at close of day, from sawing wood or shucking hay, he's in a frame of mind; he roasts the work he has to do, he roasts the housewife, good and true, and says things most unkind. He roasts the grub he has to eat, he roasts the milk or being sweet, the slaw for being sour, and when the meal is done he sits in gloomy state, and throws some fits, and growls hour after hour. The children hush their laughter glad, for if they worry poor old dad, he knows where there's a club; the wife goes round with weary tread, and wishes she had never wed that sort of dismal dub. A wiser man is Billiam Bunn, who, when the long days work is done, goes home in cheery mood, he chortles, and he cries, "Gee whizz! How good this nifty supper is," as he throws in the food. The children greet him with a yell, they love their daddy passing well, and he loves them some more; his wife's been waiting for a while to give him welcome, and her smile is wider than the door. The humble kind eyes smile and laughter swells, is heaven, simmered down; but home is like the other place if on disgruntled father's face there hangs a chronic frown.

Think Twice. Don't put so much hope on the New Thought that you slight the importance of the good old Second Thought.—Frances L. Garside.

From the Bible. Eye has not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love Him.—1 Cor. ii, 9.

Renfrew, a little 6-year-old boy from Cleveland, was here on a visit the other day and became much interested in the sale of fruits and vegetables at the city market. He had been taken by his mother from Third street to Fourth through the Arcade on the way to the market house. Upon his return he expressed a desire to return to the market and receiving permission started off this time alone. In due season he returned but seemed disappointed. "What's the matter, Renfrew? Didn't you go to the market house?" was asked. "No," answered the little fellow, "I couldn't find that tunnel."

Lucy Hollander's mother, upon her return from a little trip, presented her with a dainty little pink parasol. It was not received with much enthusiasm and the mother inquired, "Don't you like it?" "I didn't want pink. I wanted purple." Her mother, rather scandalized by the child's apparent lack of taste, inquired, "Why did you want purple?" Lucy gravely replied, "Because Jesus was in purple."

A few mornings ago while paying a visit to a neighbor who has a new baby, Lucy inquired quite seriously, "Mrs. H—, was your baby born in pink or blue?"

NEWARK GOLFERS OVERWHELMED AT CAMBRIDGE

The Newark Golf club was overwhelmingly defeated Thursday afternoon at Cambridge. This is the second defeat sustained by the local players at the hands of Cambridge, but Thursday's was a humiliation.

Newark was minus the services of some of the best players on the team, Manning Herrog, W. C. Miller, Scott and several probable point winners being absent. This is no alibi for the home team's defeat, and the players take it in a sportsman-like manner, and give credit to the victors as splendid golf players and elegant gentlemen. But it is a fact nevertheless.

"Mme. Gueydan: 'No.'"

Maitre Labori: "Well, then, no one shall have them except myself. If you have heard of me being caught in a trap you are mistaken. Maitre Labori appeared to regard Mme. Gueydan's seeming reluctance of yesterday and her impulsive consent that he should have the letters as a device to place him in the position either of suppressing the letters or of reading them to the disadvantage of Mme. Caillaux. He asked her again: 'Madame, do you wish to take back these letters?'"

Maitre Labori: "No, sir."

Maitre Chenu: "Give me the letters to tear them up."

Prosecutor General Jules Herbaux reminded Judge Albalade that he could reject any testimony not pertinent to the case. Judge Albalade then questioned Mme. Gueydan as to her wishes.

Mme. Gueydan: "I repeat that Maitre Labori may do what he likes in connection with Maitre Chenu with the letters."

Maitre Labori called M. Caillaux to the witness stand and asked him his views on the matter. He said to him: "I suggest that you confer with Mme. Gueydan on the subject."

M. Caillaux turned his head toward his wife in the prisoner's enclosure and she made a gesture of assent.

M. Caillaux then said: "I consent."

The Trend of Investment

More and more people who have a few hundreds or a few thousands are coming to realize that for them the risks of commercial investments are too great. Recent disclosures as to the waste of the assets of the New Haven railroad are only another in the long line of instances of reckless disregard of stockholders' rights by insiders.

Even business men trained in judging commercial investments, are becoming wary of all such investments and putting their surplus funds in conservative savings institutions like the "Old Home," which invests the funds of its depositors in first mortgages on real estate and offers the extra safeguards of a large reserve fund and of state supervision.

WILL CELEBRATE ANNIVERSARY OF GERMAN CHURCH

The seventy-third anniversary of the German church on South Fifth street will be celebrated Sunday. Rev. F. E. Holloway will conduct the services in English at 8:45 o'clock in the morning and Rev. G. Thomas Haller will preach in German at 10:30.

It is expected that the new stained glass windows that have been ordered will be installed and will serve as a commemoration of the seventy-third anniversary.

An addition that will be used for society and Sunday school purposes is contemplated. It will double the valuation of the property, and will be a two-story brick structure added to the back of the present building. Work will probably commence upon this in the near future.

DOUBLE HEADER NEXT SUNDAY FOR CITY CHAMPIONSHIP

The Heiseys and C. M. A. ball teams, which are rivals for the amateur honors of Newark, will meet in a double header next Sunday afternoon at Wehrle park. The first game will be called promptly at 1:30 o'clock. These games will be the first of a series of seven to be played for the city championship.

The pitchers for Sunday, will probably be Minshart and Thorpe for Heiseys, while the C. M. A. will use either McArthur, Lipscomb, Winters or Noblicks.

Gephart will receive for Heiseys while Beene will do the same for C. M. A.

Chicago, July 24.—Wheat prices bulged today on buying due largely to reports from a leading crop expert that, although the unusual forwardness of the growth this season would prevent a complete disaster from black rust the attack of the plague was fully as virulent otherwise as in 1904. Foreign demand also said to be unabated. After opening 1/4 off to 1/2 up 1/4, the market scored a ground for advance all around which, however, was not well maintained. Showers weakened the corn market.

WHAT IS IT?

What kind of flag?

Answer to Thursday's puzzle—Platter.

The fact, though, that the moisture was not general or adequate led to renewed buying on the break. The question which was the same as last night to 1/2 lower was followed by further losses, before prices began to rally.

Outs sagged with corn. Trade was small.

Lower prices for hogs carried provisions downgraded. Most of the selling came from longs.

Wall Street.
New York, July 23.—With London's market depressed as a result of the United States-Servia situation, the local stock market naturally opened with general declines, though in few instances did prices fall as low as abroad. Canadian Pacific, which lost two points in London, yielded only a point here, but its attitude properly, commonly known as "Soo" declined two points.

In addition to Canadian Pacific new low levels were recorded by Baltimore and Ohio, Erie, common and first preferred, Chesapeake and Ohio. There were one-point losses in numerous specialties, but leaders were comparatively firm.

RUFUS PUTNAM DESCRIBES GLORY OF CALIFORNIA

RODE IN "NEWARK" BOAT AND
IN STREET CAR BUILT IN
THIS CITY

Enjoyable Trip to Golden Gate and
Fort—Countless Seals on Rocks
Viewed From Cliff House.

(By Rufus Putnam.)

Oakland, Calif., July 17.—Perhaps
the story of a trip to the Beach and
Golden Gate will interest my friends
back home. We took an electric car
and on reaching the ferry landing
went aboard the boat, and looking up
at the name of the boat, to my sur-
prise I saw Newark in large letters
across the pilot house. Leaving the
boat on the San Francisco side we
entered a street car for Golden Gate.
On the door of the car was painted in
golden letters, "made by Jewett Car
Works, Newark, Ohio," and I began
to feel a little swelled up. I said to
a gentleman near me, I feel at home
in this car because it was made in
my town in Ohio.

We were whirled at a rapid rate
through canyons of sky scrapers,
past miles of stately residences and
beautiful lawns, past numerous parks
studded with trees and waving
palms. Arriving at Golden Gate we
visited the famous Cliff House, which
overlooks Seal Rock, so named be-
cause of many seals inhabiting them.
We spent some time watching the
sporting on the rocks, chasing and
tumbling over one another like kit-
tens at play. The seals are protected
by law. No one is allowed to injure
or frighten them, therefore they do
not fear man.

Leaving the seals we wended our
way to the beach. There we found
hundreds of men, women and children
bathing in the surf and enjoying
other sports on the sand.

Immediately in the rear of the
beach is a bluff several hundred feet
high overlooking the ocean, on the
summit of which is located Sutro
Park, one of the most picturesque
spots in this country. The face of
the bluff was covered with vines and
beautiful flowers, making a gorgeous
back ground for the beach. It was
certainly a grand picture. After
spending some time there we leisurely
strolled up the winding road to the
park. On entering, we were met
with a sight such as one does not
often see. Beautiful drives and wind-
ing paths leading in every direction.
The walks are bordered with choicest
flowers of every hue and color. Here
and there throughout the park are
figures representing animals so true
to nature in color and surroundings,
one would imagine they were in life.
Many life size statues of former prom-
inent men are also placed in con-
spicuous locations. Flower beds in
different designs, pretty romantic
resting places, fountains, rustic
bridges over small streams of pure
crystal like water and walks bordered
by stately palms, added to the beauty
of this most beautiful spot.

We wandered around, feasting our
eyes on the pretty flowers and proud
palms, not giving thought to where
we were going, until almost as by
magic, we found ourselves in a fort
on the very edge of the bluff over-
looking the mighty ocean and Golden
Gate as a warning to all enemies.
About us on three sides was the mas-
sive stone wall with its port holes.
Four immense cannon with muzzles
pointing seaward were mounted, and
in rear of each cannon was a pyramid
of shot and shell. On close observa-
tion we saw the walls of the fort
were covered with beautiful blooming
flowers. Trailing vines bearing fragrant
flowers were winding their way
over the grizzly old cannons, even in-
to the very mouths that had belched

forth deadly shot and shell in defense
of this glorious union. The pyramids
of ammunition were almost comple-
tely covered with flowers, lifting their
sweet faces to heaven as emblems of
peace.

As evening was fast approaching,
we took seats to await the setting of
the sun. We sat there in that beau-
tiful fort away above the ocean, in-
haling the sweet fragrance of the God-
given flowers blooming around, and
enjoying the grand sights that lay be-
fore us—the vast ocean in our front,
the world renowned Golden Gate be-
low us, the seals in their native state
in their frolics, the light-house which
warns ships of the dangerous rocks in
Golden Gate, the fog horn that blows
continuously during fog; Fort Point,
where every night a large search light
guides the ships to a safe harbor;
Mt. Tamalpais, one of the highest
points in California, with its rail-
road winding like a huge snake up to
the highest pinnacle; the grand city of
San Francisco to our right; the beau-
tiful bay with the myriads of vessels
moving in all directions; ships of
all nations passing in and out of
Golden Gate; the children playing in
the sands on the beach; birds hop-
ping here and there, sending up their
sweet songs of praise, all combined to
make a panorama such as no other
country can boast. But to make the
picture more complete, and even more
beautiful, Old Glory floated from the
forts, buildings and ships.

It is a beautiful evening, calm and
free; breathless with adoration, the
broad sun is sinking. It seems a soft
dismission from the sky, so poised,
so gently she descends from high. The
gentleness of heaven is on the sea.

Sitting on the very limit of our
native land we watched the glorious
orb of day, dressed in celestial fire,
descend toward the ocean. "The sun
is now nearing the water, lower and
lower it drops, its crimson glory
spreading far and near over the
bosom of the deep blue sea. Now they
have met and kissing good night.
Deeper and deeper it sinks. How beau-
tiful, words cannot describe nor artist
paint the gorgeous picture.

The sun is now half swallowed by
the deep blue waters. Deep down in
the ocean is seen the reflection of the
upper half, and the real sun above
the water combined with the reflec-
tion is wonderfully beautiful.

At this point a sailing ship passed
which gave the scene the appearance
of a moving picture with the setting
sun as a back ground. Slowly it
sinks until but a small tip is seen
above the ocean, there it seemed to
linger to say its last good night.

Its day's work is done and it has
gone to rest in the deep of the ocean.
The surging waters are tinted by dusky
night, but still the red of evening
sprinkles it with golden light and

FIGHTING DISEASE GERMS

There is a popular idea that most sick-
ness is caused by a germ of the disease
finding entrance to our bodies through
the food we eat, the water or milk we
drink or the air we breathe. This is true
as far as it goes but it is also true that
disease germs are entering our bodies
every day without causing disease.

The reason for this is that there are
forces within the body that are constan-
tly fighting these disease germs and it is
only when this defence is weakened that
the germs get the upper hand and we be-
come ill. One of the most powerful of
these forces that work for health is rich,
red blood. Good, healthy blood increases
the resistance of the body to the dis-
eases that are always threatening. It
is easier to keep up this resistance by
taking Dr. Williams' Pink Pills, eating
proper food, avoiding articles of food
that do not agree with us and getting
plenty of fresh air day and night, than
it is to cure disease after it gets a foot-
hold. Keep up the resistance of your
body to disease by these tonic pills, which
you can get at any drug store, and you
will avoid much sickness.

Two booklets, "Building Up the Blood,"
and "What to Eat and How to Eat,"
will be sent free by the Dr. Williams
Medicine Co., Schenectady, N. Y.

the rushing might of the tide presses
toward the shore, the white waves
that merrily and nimbly leap like
wooly flocks of sheep.

As the sun disappeared, the sunset
gun in the fort boomed good night.
Now all is peaceful. The day's work
is done. The seals have gone to their
rest. The lighthouse keeper has
lighted his lamps, the birds are send-
ing up their good night song of praise
and thanks. The flowers, some with
bowed heads as though in solemn
prayer, others with foliage closed are
saying good night and going to rest,
but he sun, though still in its bed in
the ocean, still throws up through the
water a beautiful red glow which
turns the oceans blue to gold, whose
golden rays radiate the sea for miles.

The picture was sublime beyond ex-
pression. Words or pen cannot de-
scribe the grandeur of that scene. How
wonderful the works of God.

Now all is quiet—not a sound ex-
cept the swish of the waves dashing
on the rocks below. The sun has
gone to rest. The gull has found its
place on the shore.

Sitting spell bound in that flower
covered fort and looking away across
Golden Gate, on the highest pinnacle on
a mountain, I saw the Stars and
Stripes floating in the breeze as a
welcome and protection to all who
pass through the gate to our harbor.

To the right and left were the dogs of
war, though draped in the armor of
peace, my mind reverted back to the
time when those old cannon were
dealing out death and destruction.

How changing Today all is peace.

The sun is at sleep in its ocean
bed. The birds, and the seals at rest.
The flag still floats in all its glory. A
ship is passing with a large American
flag at its mast, as we, too, say good
night and with regret take up our trip
back to the noisy and busy city.

THREATENS LIBEL SUIT AGAINST TOD

(ASSOCIATED PRESS TELEGRAM)
Columbus, July 24.—Fred M. Sayre, Franklin county auditor, today threatened libel suit against David Tod of Youngstown, candidate for the Republican nomination for governor, unless within the next 48 hours Mr. Tod retracts a charge made against Mr. Sayre. In a formal statement Mr. Sayre denies a statement attributed to Mr. Tod that the auditor demanded a \$5,000 campaign contribution as a condition of throwing the support of a faction of Franklin county Republicans to the Youngstown candidate.

ROOSEVELT

Says He is Ready for Libel Suit and Never Said Anything He Could Not Prove.

(ASSOCIATED PRESS TELEGRAM)
New York, July 24.—The trial of the libel suit of William Barnes, chairman of the Republican state committee, against Theodore Roosevelt in which \$50,000 damages are asked because of references made to Mr. Barnes in a political statement issued Wednesday night will be held in Albany county, the home of Mr. Barnes, unless Mr. Roosevelt gets a change of venue.

Chairman Barnes is anxious for a speedy trial of the case and through his lawyer, James S. X. Ivins, he indicated that he wished to have the issue settled on its merits before October.

"If Mr. Roosevelt wishes to adopt obstructive tactics," Mr. Ivins said after serving the papers in the case, "the trial can of course be delayed for a year and a half or two years."

Mr. Roosevelt has given no indication of what his course will be saying he would consult his attorney. His only comment on the case was made when he heard a suit was proposed.

"Let Mr. Barnes go on," he said. "I have never said anything that I could not prove."

STEPS TAKEN TO SUPPRESS STRIKE RIOTS IN RUSSIA

(ASSOCIATED PRESS TELEGRAM)
St. Petersburg, July 24.—Stern measures were taken by the authorities today to suppress the strike riots which have been in progress for several days in the streets of the capital during which a large number of casualties have occurred in the conflicts between the police and Cossacks on one side and the striking workmen on the other.

Considerable leniency was shown during the presence here of Raymond Poincare, president of the French republic, but immediately after his departure four regiments of cavalry of the guard and two regiments of cuirassiers under the command of General Kasnakoff, arrived from Krasnoye-Selo to assist in repressing the disorders. They brought with them a number of quick firing machine guns.

A squadron of the newly arrived cavalry at once came into contact with the strikers, charging and dispersing a crowd of them.

The authorities estimate the number of strikers at 135,000 but it is believed the total is greater.

One significant feature of the feature of the strike is that the movement has been joined by many government employees.

FIRE AT DEGRAFF BURNS BUSINESS SECTION OF TOWN

(ASSOCIATED PRESS TELEGRAM)
Bellefontaine, O., July 24.—Fire practically wiped out the business section of Degraff, a village in Logan county, west of here, early today. Losses have not been computed, but may reach \$100,000. No lives were lost. Among the business houses destroyed are: Myers, shoes; Corey, dry goods; Terrell, hardware; Loffer, grocery; Speece & Kinkel, harness; Hannah, harness; Craig, poolroom; Amos, bakery; Phoenix Block in which several small shops and a picture show were located; Shoemaker, grocery; Journal Publishing company; Lockhart Brothers, garage; town hall and electric light plant; jewelry store; Pearl Hance, millinery.

The fire started in William Carpenter's livery stable, but how it originated is not known.

PASSENGERS ON S. P. TRAIN WERE ROBBED OF \$2,000

(ASSOCIATED PRESS TELEGRAM)
Los Angeles, Cal., July 24.—Deputy sheriffs were hunting the hills north of Los Angeles early today for two or possibly three men, who boarded train No. 22 of the Southern Pacific company last night near Chatsworth Park, and robbed passengers in the cars of more than \$2,000. The men did the work of robbing the passengers but a third man, who appeared from the smoking car, as the two boarded the train, and is said to have kept in advance of the robbers during operations, is believed to have been an accomplice.

The bandits dropped from the train as it slowed up at Hewitt, a small station about ten miles north of Los Angeles.

To Properly Treat Obstinate Wrinkles.

Particularly where wrinkles are long and deep, the massage devotee is apt to rub too hard and too frequently. This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought.

Better than massaging, or anything else, for the most obstinate wrinkles as well as the finest lines, is a formula well known in this country. It is this: One ounce powdered saxolite, dissolved in one-half pint witch hazel. Bathe face, neck or hands in this.

The effect is really marvelous, not only as to wrinkles, but also in cases of bony cheeks and chin. Marked improvement is noticed after the very first application. The lotion is cooling and soothing, tending to relieve fatigue and remove "that tired look."

CURES PIMPLES EASILY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past the Evans' Drug Store has done a big business in selling Hekara, the skin healer that has won so many friends in Newark.

It has been found to be a cure for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but also the worst sores, ulcers, or even chronic eczema and skin rashes. There is no need to be afraid of Hekara, as it is a safe and effective remedy for all skin diseases.

It is simply delighted with it, right from the start.

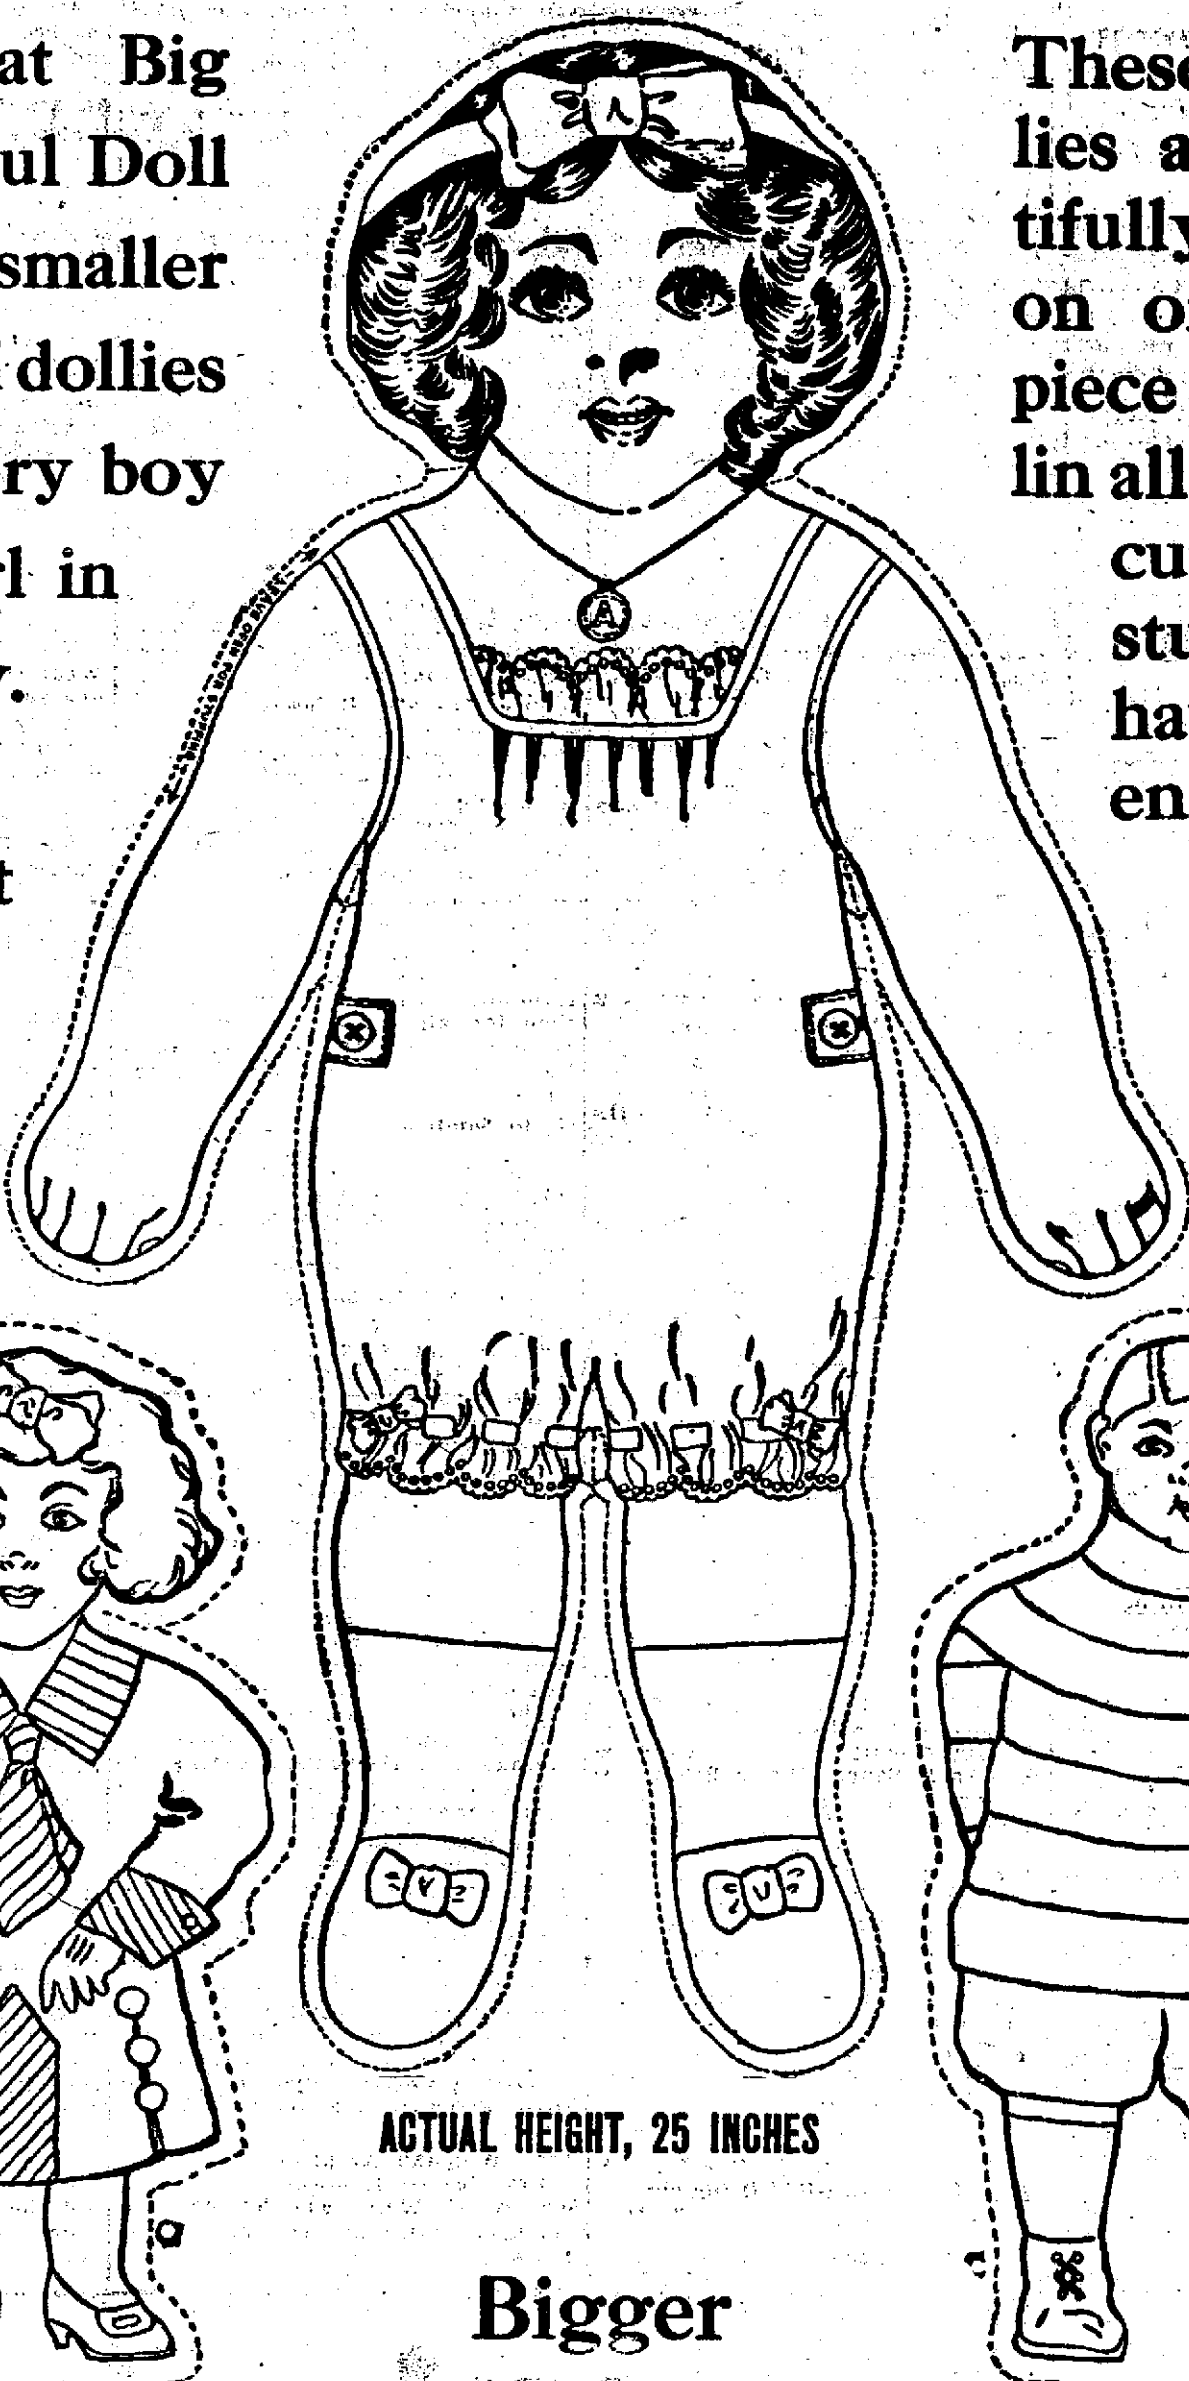

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, Evans' Drug Store will sell it at a reduced price for 30 days. And remember that if you do not think it does what it claims, you can get your money back. You certainly can afford to try it on this plan.

FINE LECTURE

ON JAPAN AT

RECITAL HALL

(Special to The Advocate.)
Granville, July 24.—The lecture on Japan last evening in Recital Hall by Rev. E. H. Jones, missionary, was well attended and highly enjoyed. Mr. Jones, whose work has been in Japan for over thirty years, and who will soon return thither, accompanied by his wife, is eminently qualified to speak on the subject of the Flowery Kingdom. He is a fluent talker, with a saving sense of humor, and the beautiful colored views thrown on the screen were almost audibly admired. One statement made by Mr. Jones about the Jirrickisha—the "man power carriage" so universally used in that country was to the effect that he himself had journeyed 70 miles in that conveyance in a day, and that the man had demanded and received one dollar for the trip! The many Granville friends of these popular missionary workers, will speed them on their way back to the Orient, with many regrets. About August 1st, Mrs. J. G. Ewart and Miss Elizabeth, her daughter, have gone to Chautauque for the remainder of the season.

Mrs. Howard Darrow and daughter, Josephine, motored to Columbus today.

Rev. Lawrence Wood, pastor of the Baptist church in Chillicothe, is visiting his parents, Mr. and Mrs. J. V. Wood, corner Elm and Pearl streets.

After an hour of fishing, they returned to the house where a delicious luncheon was served. The members present were: Mesdames Edith Elliott and Nellie Lewis. The members present were: Mesdames Edith Elliott, Marie and Ruth Colville, Della Hawke, Susie and Myrtle Jones. The guests were Mrs. Hugh Elliott, Mrs. William Jones, and little Katherine Elliott.

CARRIER BOYS ENTERTAINED AT BUCKEYE LAKE

ADVOCATE LADS HAD A FINE
TIME AT SUMMER RESORT
LAST NIGHT

Enjoyable Lake Ride Followed by
Dinner and Visit to the Park
Attractions.

From five o'clock to ten Thursday evening the Advocate carrier boys were supremely happy. In fact they are still happy in thought of the fun they had last night.

Thursday's paper was printed earlier than usual in order that the boys might board the 5 o'clock special car at the Ohio Electric station that carried them to Buckeye Lake park. Each of the 45 boys in the party wore a badge that entitled him to special recognition at "dinnering." The chartered launch "Ohio" waited for the Advocate boys at the pier and upon their arrival at the park, the boys who play such an important part in the success of the Advocate, boarded the boat for a trip among the islands, up to Lakeside and the tented city—Summerland Beach.

A healthy boy always has his appetite with him and the cool lake breeze and the enjoyable ride served to put a keen edge on every appetite in the party. The chef at the Hotel Harris, however, had been duly warned and was prepared. Upon the return to the park the boys were seated at one immense table in the Hotel Harris where a splendid fried spring-chicken dinner with all the trimmings was served. Each boy wound up with a generous slice of juicy watermelon and then the party visited the Figure Eight. After the Advocate had "treated" to the ride, Manager George Norris, insisted on several more rounds so the carriers kept the roller coaster busy for a half hour. Then came the moving pictures, a visit to Marple's arcade and the enjoyment of the music at the pavilion. Of course there was plenty of pop corn and peanuts for the lads and there was "something doing" every minute of their stay at the park. Manager Harris and Colonel Wells, were especially courteous to the Advocate boys and the cheers that were given and the smiles that haven't yet worn off testify to the boys' appreciation of the outing.

The Advocate is proud of its carrier boys, a splendid set of manly fellows, who are on the job six days of the week, rain or shine, hot or cold. Many of the successful business and professional men of this and other cities were Advocate carriers in their boyhood and the Advocate today has a number of carriers who will make their mark in the future as business and professional men. Their contact with the public, their association with the business world, their knowledge of the value of a dollar make their experience as newsboys of lasting value to them.

The Contest

E. Stone, Columbus: "Thank you very kindly for the Weiland & Cramer prize awarded me in your Booklovers' contest. With best wishes for the continued success of the Advocate, I am, very truly,"

Miss Jessie V. Hoffman, 107 Elmwood avenue: "I wish to thank you for the order for a pair of shoes, my prize in the recent contest. I enjoyed the contest fine, and while I did not win the first prize, I had all the answers on my big list except three, so the fault must have been mine, and I am ready for another contest at any time."

Miss Clara R. Wulfoop writes: "I wish to thank you for the prize received in your Booklovers' contest. The contest was fair in every respect and I thoroughly enjoyed it."

NO DELAY

(Continued from Page 1.) opposition to the anti-trust law, and is, in my opinion, almost exactly parallel with the facts adduced in the case prosecuted by the federal government against the Standard Oil company of New Jersey, and won by Attorney General Wickersham.

"The Newark company's contention in the city case that it could not buy gas from the Logan company is refuted by this agreement which shows that such is not the case. It can get all the gas it wants and were it not for this illegal agreement, could sell at any price it could get, which, in the opinion of the court of Common Pleas, would be reasonable and profitable at 13 cents net."

"Now it is my intention to have the Circuit court decide first, the quo warranto case, and if this case is won, the gas companies will be compelled to submit to the decision of the Circuit court in the city case."

"My whole object is to get natural gas to the consumers at the rate of 18 cents which is the contract price, and I will hear to no compromise of the matter. The money in the hands of the trustees must be paid back to the consumers, and I will hear to no division by which the company gets a part and the citizens a portion. If the company is right it should get it all; if the citizens are entitled to any part they should likewise receive what is their own."

There will be no delay in this matter, and Prosecutor Jones will begin immediately to take testimony before Judge Swartz, who will make his findings of law and fact and submit them to the Court of Appeals.

MRS. H. MARPLE SERIOUSLY ILL AT TOLEDO, O.

ANOTHER CABARET SINGER FOR
BUCKEYE LAKE PARK
ARRIVES TODAY

Summerland Beach Chautauqua
Opens August 2—Advocate
Boys Attract Attention
At Lake.

(Special to The Advocate.) Buckeye Lake Park, July 24.—Harvey Marple has been called to Toledo by the critical illness of Mrs. Marple. Mr. and Mrs. Marple formerly lived in Newark.

The cabaret singers at the park pavilion have been making a big hit as is evidenced by the increasing crowds. Another good singer is coming to the park from New York today.

The Green-Joyce picnic at Buckeye Lake this week was an immense success and in appreciation of the many courtesies shown by Manager Harris and the excursion agent, Colonel Wells, the Green-Joyce company has just sent to Mr. Harris a letter expressing the thanks of the entire party of 500.

The Buckeye Lake Chautauqua will open at Summerland Beach, August 2. The tents are up and there is every indication that this year's Chautauqua will be successful.

The Advocate boys helped to make things lively at the park last night. They were a manly, well behaved crowd of boys and many about the park expressed surprise that the carrier force was so large. Every one of the 45 boys was present.

A big crowd enjoyed the free moving pictures in the park last night.

George Norris, now in charge of the Figure 8 is making that park amusement very popular.

1825 Hours of Kitchen Work

This is the average time spent in the average kitchen in a year. The figures are conservative, too. Doesn't this call for every modern convenience to make life easier for the worker there?

Put a G-E Electric Fan in your Kitchen

It is as much a part of the home equipment in the summer as the ice chest. It is adjustable to any position, shelf, wall or table. Can be attached to any electric light fixture. Turns on and off like electric light.

You would pay ten cents for a half-hour ride AFTER the work of the humid summer day to "cool-off." A little less than a cent an hour would keep you cool DURING your work at home. Let us show you these summer luxuries.
